THE SCIENCE OF SITTING, PERFECTED!

(& PROVED WITH PRESSURE MAPPING)

DISCOVER THE THERAPEUTIC BENEFITS OF GOLDEN'S REJUVENATE POSITION!

The Rejuvenate position results in a **22% reduction** in pressure compared to the seated position.

How the Right Seating Can Transform Your Comfort and Well-Being

Sitting for long periods puts significant pressure on your lower spine, leading to muscle strain, increased stress on spinal discs, reduced flexibility, and potential pain due to compression of the vertebrae.

With just the touch of a button, you can effortlessly redistribute your weight, giving your lower body the relief it needs to recharge.

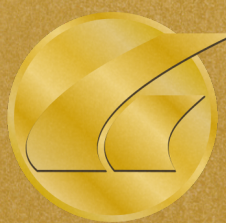

Our Patented Rejuvenate Position:

- Shifts pressure from your seat to your back for balanced support
- Eases pressure points caused by prolonged sitting
- Boosts circulation, helping your lower body rest and recover

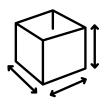

Scan to discover our complete selection of lift chairs with patented Twilight Tilt Technology featuring the Rejuvenate position.

Chair Shown in Rejuvenate Position Only available on chairs with Twilight Technology.

 **GOLDEN**
YOUR LIFE IN MOTION

Take a vacation from your busy day in The Rhea. It offers an overstuffed seam back design, plush chaise pad and an open arm design that holds numerous standard features that include a cup holder, power port for accessories, two storage compartments, and a wireless phone charger. Positioning options are endless with our 5-Zone Comfort Zone™ Positioning System, which includes our patented Twilight Technology, MaxiComfort® Positioning, adjustable headrest and lumbar all operated by our programmable AutoDrive™ hand control. For extra wellness and comfort, our Nirvana™ Swedish Massage with HeatWave™ Technology comes standard providing therapeutic warmth starting at your shoulders and continuing down to your feet. When you open the right arm, you will find a wireless charger and a storage compartment that also holds the AutoDrive hand control. In the left arm, you will find a cup holder, a power port, and a second storage compartment that holds the Nirvana hand control. As a bonus, you can use the cup holder without losing the comfort of the armrest thanks to the split design!
